## APRIL IS DISTRACTED DRIVING AWARENESS MONTH.

When behind the wheel, driving is your only job. Form **good driving habits** this month:

- **Never** text and drive. Pull over to send a text, have a passenger help, or **wait** until you arrive at your destination. Cell phone use while driving is **against the law** in California.
- Keep your **eyes** on the **road**. Don't allow passengers or other drivers to distract you.
- **Risky actions** such as applying makeup, drinking coffee, and adjusting music can also lead to **dangerous driving**.
- Remember it is not only **your** life at stake. Distracted driving could harm others **all around you**.

Always stay safe on the roads! Both young and old drivers should always be alert and aware while driving. Use these tips to practice safe driving! #lakeforestca
